

REF-VAC

Item Number 4686712

Vacuum measuring device to control the evacuation process on the construction site or in the laboratory.

- Precise vacuum display from 18000-0 micron
- Seven selectable vacuum units (Micron, mbar, Pa, Torr, mTorr, psi and inHG)
- Large LCD Display
- Simple control with three buttons
- Extremely robust
- IP54

Technical Data

Material	ABS TPE Brass
Colour	yellow (RAL 1023) green (RAL 6026)
RoHS Conformity	1
RoHS Conformity	Yes
Remarks	<p>Including hanging hook Including REF-VAC-T (forged flare branch tree - 3 x 1/4"SAE)</p>
Working Pressure	34 bar
Gas Connection	1/4" SAE
Pressure Scale	inHg mTorr Torr Pa micron mbar psi
Temperature Range	0 - 40 °C
Pressure Range	18'000 - 0 micron
Battery	3 x AAA
Pressure Type	Absolute Pressure
Packaging	Blister

Sensor Type	Pirani Sensor
Accuracy	+/-10% 0-100 micron, +/-6% 101-750 micron

Accessories

4687631	SWIVEL-ARM- 1/4"SAE-N	Swivel arm for vacuum gauge, 1/4" SAE
4687701	32525	Valve core replacing tool, 1/4"SAE
4687740	32525-5/16"SAE	Valve core replacing tool, 5/16"SAE

Spare Parts

4687845	REFVAC-T	Forged female flare branch tee connection: 3 x 1/4" SAE, with O-ring
